

No Car? No Fridge? No Stove for 2010?

Then enter this Brand New Racing Competition and **win Big!!!**

Country to Coast Racing Pigeon Marathons presents:

2010 Ace Pigeon Competition

About the Organisers:

The Country to Coast Racing Pigeon Marathons (C2CRPM) organisation was created in the latter part of 2009. The main reason for its existence is:

- To create an independent racing pigeon competition body within the FBHU, specifically aimed at the fanciers interested in competing for larger prize money.
- To provide fanciers with an alternative to routine competition by offering substantial prize money and recognition for great achievements.
- To recognise great performances.
- To promote the sport of pigeon racing.

About the Race:

Why pay thousands of Rands buying pigeons from all over the world to win minor prizes and in most cases very little prize money? How often have your pigeons put up great performances and yet those performances were never recognised, or at very least never heard about other than in your immediate area? With this in mind we created the 2010 C2CRPM Ace Pigeon Competition.

The purpose of the 2010 C2CRPM Ace Pigeon Competition is to recognise the best middle-distance pigeon over 3 legs, namely (provisionally) **Britstown (Race 11), Hanover (Race 14) and Three Sisters (Race 22)**. Each participating pigeon must compete in all 3 races to qualify, the winning pigeons will be determined as having the fastest average velocity over the 3 races.

Competition Rules:

1. Entry fee will be **R400.00** per nominated pigeon.
2. The number of nominations per fancier is **unlimited**.
3. Nominations are open to pigeons of any age, i.e. young and old birds.
4. The winning pigeons will be determined over 3 races, namely **Britstown, Hanover and Three Sisters**.
5. The winning pigeons will be determined by calculating the fastest average velocity over the 3 races. All nominated pigeons must compete in all 3 races to qualify.
6. Race points may vary at the organizers' discretion.
7. The race is open to all fanciers within the Federated Board of Homing Unions only.

8. Nominations and payment must be presented to the organisers by no later than 1 week from day of **basketing** of the first leg (race), a strict "**no pay, no fly**" policy will be applied.
9. The competition will commence once all participating fanciers' nominated pigeons have been placed in the race basket on the first leg of the competition - No entries fees shall be refunded once the competition has commenced.
10. All nominations must be made on official entry forms **no other form of entry will be allowed**.
11. Each fancier must complete **an official results form after each leg of the competition**.
12. Guaranteed payment of **R30 000 1st prize (based on 250 paid entries)**. **More entries, more prize money**.
13. Participating fanciers will be responsible to ensure that race results reach the organizers within 3 days after every race - an official results sheet will be forward to the relevant Union race secretary for completion - it however remains the responsibility of the fancier to ensure that the results are forwarded to the organizers.
14. **No dials/e-clock print outs will be required** with the results sheet. The top 10 finalists will however be audited. This will include that all verified dials/e-clock printouts will be requested from the relevant fanciers for auditing purposes **participating fanciers are therefore responsible for ensuring the safe-keeping** of those dials/e-clock printouts until such time it is requested.
15. If the dial/e-clock printout cannot be verified, or **cannot be presented to the organizers the fancier may be disqualified**.
16. The competition will subject to all the rules of the FBHU.

Depending on the number of entries a percentage of the total received entry amount will be presented back to the FBHU as a donation towards sustaining the sport of pigeon racing.
